Live, Love and Learn with Jesus

THE WEDNESDAY WORD

Special word of the week is:

"FORGIVENESS"

One day, Jesus told this story.

There was a man who had two sons. The younger one came to his father and asked him to give him everything that would be his in the future so he could enjoy his riches right away. The father did this and his son set off to look for adventure. He travelled to a faraway land and spent all his money enjoying himself. There was a famine in that land and the young man soon found himself penniless and hungry. He decided to return to his father and ask for his forgiveness. The father saw his son coming and ran to welcome him. As his father hugged him, the young man said, "I am so sorry. I no longer deserve to be called your son." But his father told the servants to prepare a feast and bring the finest clothes so they could celebrate his return.

Luke 15:11-32

PLEASE call/e-mail before 09:00 if your child is unable to attend. A lot of valuable time is taken up with tracking missing pupils when some parents do not call or e-mail.

Element	Explanation
	<p>The four figures represent 'all of humanity, coming from the four corners of the earth. They embrace each other to indicate the solidarity and fraternity which should unite all peoples.' The figures also remind us that we do not journey through life alone and that we are united with our brothers and sisters in Christ.</p>
	<p>The figure at the front is embracing the cross. The symbolism of this is twofold. The cross is a well-known sign of faith and it is also a sign of hope: we need to hold onto our faith 'especially in our moments of greatest need.'</p>
	<p>There are waves beneath the figures. This reminds us that our pilgrim's journey through life is not always calm and smooth: throughout our lives we will have to face all kinds of different challenges.</p>
	<p>The symbol of hope is further enhanced by the lower part of the cross which is in the shape of an anchor. It is submerged deep into the waters and signifies how, like an anchor, our faith gives us stability and security.</p>
	<p>In this logo the cross is also bending 'down towards humanity, not leaving human beings alone, but stretching out to them to offer the certainty of its presence and the security of hope.'</p>
	<p>The motto 'Pilgrims of Hope' is ahead of the boat in the direction of travel. Green is a colour of growth and hope. At Easter time we see the signs of spring emerging from the earth coinciding with our celebration of the Resurrection through which our hope and salvation is realised.</p>
